SUBJECT: Photochemical Assessment Monitoring Stations (PAMS) Network Plan -- State of Delaware **DATE:** 3-22-95

FROM: Victor Guide, Chief
Philadelphia Operation Section
Environmental Services Division *Victor Guide*

TO: Joseph Kliment, Director
Air Surveillance Branch

The Philadelphia Operations Section, EPA Region III, and the Emissions, Monitoring, and Analysis Division OAQPS, have reviewed the PAMS Network Plan submitted by the State of Delaware for a portion of the Philadelphia-Wilmington-Trenton, District of Columbia, and Baltimore ozone nonattainment areas. The PAMS network for this area is depicted in the attached table.

The resulting approved network for Delaware's portion of these networks would consist of a single Site (#1 for Philadelphia, #4 for D.C., and #4 for Baltimore) located at Lums Pond, Delaware.

If you have questions or wish to discuss this approval in further detail, please contact Nash Gerald at (919) 541-5652 or me at (215) 597-1602.
